

My Psalm of Thanksgiving and Praise

By Aliza

Dear Lord, I know I've done wrong, perhaps every day of my life, even when I don't know it. I know I have done wrong - and I will sin for as long as I live, until I go to heaven. Therefore, I will believe in you + trust you.

I can do anything in the Lord who gives me strength - Phillipians 4:13

God's miracles are lifechanging.
Making the blind see, the deaf hear,
the lame walk, and gave us a
way to heaven.

Lord I am Grateful
for every thing you have
gave me. I am not perfect
but I know you don't
want me to be. I am
thankful that you
gave me life. I might
not always call for
you and I might not
always pray but I
will always believe
in you.

My Psalm of Thanksgiving and Praise

Jesus

~~He~~ died on the cross for all. People can give thanks and praise. He the mighty rock died on the cross. If he didn't there would be no church no praise, nobody would no anything about him. Everybody sins nobody's perfect except for Jesus. All who sin will be forgiven. You should tell your friends about your problems tell god. He always gets your prayers god is with you everywhere.

My Psalm of Thanksgiving and Praise

Lord, you give me everything
But I have forgotten about you.
One reason is fear, an eraser
rubbing you out of my life.
Two is sin. Something I
commit every week. For I am
not perfect Lord. But I am
forgiven.

~~Lord I am~~ Lord, I am thankful and
kinda surprised that you would die
on the cross for us. I am thankful
that you help us if we really need
it. I usually forget about you on
weekdays but on weekends I remember
you. I usually do not pray because
I forget you and I just forget
to do it, sorry. you are the
rock!!!

I am thankful for doctors they heal me when I am hurt. You give me strength through harsh times. They give me medicine when I am sick. But you, medicine of faithfulness, give me

When I am in the waiting room you give me Love, Joy, Peace, Patience, Kindness, goodness, faithfulness, gentleness and self control. The "doctors" put me through treatments.

But our god put us through hard and rough times, and fun, joyful times with our families and friends. You died on the cross for us I thank you for that.

Lord I am Thankful for
pigs and without pigs
there would be no bacon.
I am also Thankful for
cows because without
them there would be no
cheese.
